REDLAYERS
LONDON

Letter of Recommendation

To Whom It May Concern,

I am pleased to recommend Mark Haddad, who has contributed to RedLayers as a Lead Frontend Engineer.

Mark has worked on several projects, including ApexReportGen, CultureCore, and others, demonstrating an ability to work efficiently, move quickly, and consistently deliver results.

As RedLayers continues to focus on the construction industry, we understand that Mark's professional interests extend to other sectors, and we fully support him in exploring opportunities that better align with his goals.

We value his contributions and would gladly recommend him to prospective employers.

Should you require any further information, please feel free to contact me.

Best regards,

Mario Adabachy
